### **Parents of “gifted” students to gather November 10**

ATLAS, an advocacy group for parents of academically advanced students, is hosting a critical meeting at the MAISD on **Monday, November 10, 2008, from 7:00 - 8:30 p.m.** Attendance at this Parents’ Night will determine whether or not the group will continue to meet and provide programming as it has the past five years. ATLAS, Advocates for Talented Learners & Advanced-Accelerated Students, offers support, understanding, and information for families who have children who are academically advanced. The group has brought in experts to speak on various topics and provided opportunities for children to have fun and educational experiences with their intellectual peers. ATLAS provides a valued service that cannot be offered by schools due to limited budgets. To learn more e-mail [MuskegonATLAS@Verizon.net](mailto:MuskegonATLAS@Verizon.net) or call (231) 759-2316.
