

LITERACY IN SCIENCE: *INTRODUCING & IMPLEMENTING CCSS*

Introduction Session:

Teachers will be introduced to Common Core Literacy in Science Standards through an exploration of the background, structure and related documents to understand how they support science curriculum and instruction.

Implementing Reading & Writing Sessions:

Information and strategies will be presented to help grades 6-12 Science teachers *implement* the Common Core State Standards for Literacy in Science. During these sessions teachers will learn reading and writing strategies & processes, work with text sets and text structures, and collaborate with other science teachers to add resources to a resource repository.

Dates:	Day 1: September 17, 2012 (Introduction) Day 2: October 23, 2012 (Reading) Day 3: January 10, 2013 (Writing)
