

About Us

The MAISD Regional Mathematics & Science Center (MRMSC) serves the educators and schools in Muskegon and Newaygo Counties, and is one of 33 Centers that form the Michigan Mathematics and Science Centers Network.

These centers provide leadership, curriculum support, professional development, and student services to educators in local school districts. The centers also serve as a resource clearinghouse for educational materials and information, and work to foster community involvement in the areas of math and science.
