

# Thank You!

## You Made A Difference

Dear **Your School** Hero Party Volunteer:

On May 9, 2005, **you made a difference** to **Your School** families and their young children. Thank you for being one of 87 volunteers willing to take time out of their busy schedules to serve others. A special thank you also goes to a number of helpful students from **Your High School** who cheerfully shared the workload by helping serve families and wearing the *Clifford the Big Red Dog*, *Curious George*, and **Your School Mascot** costumes.

The **Your School** Hero Party was a **huge success!** It was a hot and steamy night, with all but two pizzas eaten. A total of 172 people attended including 60 adults, 103 children, and 9 infants. Most of the families lived in the **Your Local** area, and some came from **Other Areas**.

Small group leaders (guides) surveyed 29 families at the end of the party. All 29 were glad they came, and 18 learned about free help that is available to them that they did not know about before the party. Of those surveyed, 15 families found the health screenings helpful. When asked what was the best thing about the Hero Party, live music, stories and the volunteers were at the top of the list. Crafts, dinner, the nutritious snack, infant massage, and health screenings were also chosen as the “best part” of the party.

The **Local Newspaper** will be featuring a story and Hero Party photos in their May 15, 2005, publication.

**Thanks again for helping families have a great night out together!**
